NOTIFICATION OF PAYMENT OF ADDITIONAL FEES UNDER 37 C.F.R. § 1.28(c)

To Correct any Potential Prior Errors in Small Entity Status

1. Applicant acquired ownership of this Application or Patent from a predecessor entity (the "Prior Owner").
2. On the date(s) listed below, a small entity assertion was filed in this Application or Patent, either by Applicant or the Prior Owner.
3. Applicant submits that any assertion that it was entitled to claim small entity status in this Application or Patent and the payment of any fees as a small entity were made in good faith, and further submits that to the best of Applicant's knowledge any like assertion and payment made by the Prior Owner were made in good faith. In the event any such assertion or payment amount was erroneous, or if through error the USPTO was not notified of a loss of entitlement to small entity status, such error was inadvertent and based upon Applicant's or the Prior Owner's good faith belief that it was entitled to small entity status on each payment date.
4. Out of an abundance of caution, and to avoid any potential future controversy regarding whether Applicant's or the Prior Owner's prior assertions of small entity status were made in error or whether the correct amount of fees have been paid in respect of this Application or Patent, Applicant desires at this time to make additional payments equal to the amount of the deficiency that would have resulted in the event the prior payments as a small entity were determined to have been erroneous. This Notification is not intended and shall not constitute an admission that any actual errors occurred with respect to this Application or Patent.
5. Upon Applicant's correction of payment for large entity fees and its compliance with the other submission and itemization requirements set forth in 37 C.F.R. 1.28(c)(1) and (c)(2), any potential errors in small entity status that may previously have occurred in respect of this Application or Patent are excused and it shall be deemed by the USPTO, any judicial body or any other entity having jurisdiction over the validity or enforceability of this patent or application as if no small entity assertions were ever filed (and no corresponding discounted payments ever made) in connection therewith by Applicant or the Prior Owner.
